PARTICIPANT AGREEMENTS

Please refer to the Programme Information Document and Standard Terms and Conditions for full details

The Programme requires that applicants will be available to commit to all Modules and the Continuity assignments scheduled to take place within the Programme period.

We recognize that selected applicants may be attending the programme in parallel with separate paid writing or other work they have already secured, or will be undertaking, throughout the months the programme will be running. It will therefore be the responsibility of each applicant to assess their availability to take part in the programme. The schedule has been designed to facilitate, as much as possible, being run in parallel with a writer's own commitments during the programme period. It will not, therefore, be possible to make exceptions for any applicant who is not able to attend all parts of the programme.

The contact details and information provided in support of your application to be a member of Advanced Writing for TV Drama Series group will be shared by MediaXchange with Creative Skillset. This includes all the contact details listed on your Application Form. MediaXchange and Creative Skillset are registered under the Data Protection Act.
