Payment Terms

Payment of the Deposit or Full Fee must be made at the time of registration as follows:

Payment of the deposit to secure your place can be made up to 12 calendar weeks prior to the start date of an Exchange. Payment of the deposit by direct bank wire transfer is preferred. Any deposit payments made by credit card will incur an unavoidable, additional 5% extra service charge to cover the cost of the credit card transaction. In order to comply with financial data regulations, a MediaXchange representative will arrange to call you to request the credit card information and process the payment of the deposit; we will not keep any record of your credit card information after this transaction is processed.

Once the date 12 calendar weeks prior to the start date of an Exchange has been reached, payment of the total Exchange fee, or settlement of the remaining balance of the fee, must be made in full immediately by direct bank wire transfer to the MediaXchange account details listed in the invoice.

Late payment: Under the late payment commercial debts (Interest) Act 1998, we are entitled to charge interest on late payments at a rate of equivalent to 8% above the Bank of England base rate from the date our terms elapse.

If full payment (or proof of wire transfer) is not received 12 calendar weeks prior to the start of the Exchange then either your credit card will be charged for the outstanding amount, plus a 5% charge to cover the cost of the credit card transaction, or you will be notified that payment must be made immediately in order to avoid cancellation of your participation in the Exchange.

Please refer to the Terms and Conditions and your Brochure or Agreement to confirm full details of what your fee will include.
